HACKING

A person wearing a dark hoodie is shown from the side, focused on typing on a laptop. The background is a dark blue field filled with glowing white binary code (0s and 1s) that appears to be scrolling or falling. The word "HACKING" is superimposed in large, bold, white capital letters across the center of the image.

HACKING

Btw. who were the first „hackers“?

MIT – Tech Model Railroad Club
(late 50's)

Hier ist ein Hacker „(...) jemand, der seinen Einfallsreichtum nutzt, um ein kluges Ergebnis zu erreichen, einen Hack, ohne dies auf den Computer zu beschränken. Das Wesen eines Hacks ist es, dass er rasch durchgeführt wird, effektiv ist und unelegant sein kann. Er erreicht das gewünschte Ziel, ohne die Systemarchitektur, in die er eingebettet ist, komplett umformen zu müssen, obwohl er oft im Widerspruch zu ihr steht.“
